

Lisvane Heritage Trail

A 4 mile trail around Lisvane
explaining some of the historical
features of the village

Lisvane Heritage Trail

Distance: The trail is about 7 km (4.3 miles) of fairly easy walking although the footpaths can become muddy in places and stout footwear is advised.

Start: The trail is circular, so you can join it at any point. The route is waymarked and described clockwise, starting at Parc Cefn Onn, where there are toilets. If possible, please walk or use public transport to your start point; if you come by car, please park responsibly. (There is minimal parking at Parc Cefn Onn, intended for park users only.)

Take care when walking on roads (e.g. Graig Road) without footpaths. When crossing private land, please observe the Countryside Code.

Refreshments: There are three pubs on the walk and snacks are available from Lisvane Stores, Church Road.

Points of Interest: The features described are on or near the trail. Where features require a diversion from the trail, these are shown on the map with a reference to the footpath number. You can, of course, vary the walk to include any of the adjacent public footpaths and rights of way.
